DECLARATION UNDER 37 C.F.R. § 1.47 OF MS. EMMA SPENCER

I, EMMA SPENCER, do hereby declare and state as follows:

1. I am a Clinical Development Executive at BTG International, Ltd. ("BTG"). I have been employed in my present position for about three months.
2. I met Dr. Mohammed Sharief while I was previously employed at Quintiles, London, England. Sharief was a consultant neurologist at Guy's Hospital that occasionally advised Quintiles on Phase I clinical trials.

3. I am aware that BTG is attempting to reach Sharief regarding the execution of assignment and declaration papers for several patent applications. Given my previous experience working with Sharief, I was asked by Tariq Osman and Tony Dolan at BTG to attempt to contact him.
4. In late June, 2007, I called Sharief on his mobile 3-4 times, but did not reach him. I left several voicemails, but these messages were not returned. On one such attempt on June 27, 2007, I informed representatives at BTG by email that I had left Sharief a voicemail (Exhibit A).

I further declare that all statements made of my own knowledge are true and that all statements made on information and belief are believed to be true, and understand that willful false statements and the like are punishable by fine or imprisonment, or both (18 U.S.C. 1001), and may jeopardize the enforceability of any patent issuing from the '757 application.

Subject: Well - success for sorts - Mo Sharief

Just spoke to Mo's Pa – Jenny at Colchester General Hospital - Department of Neurology.

He's doing his rounds today (nearly finished his first morning round) so she will pass my contacts details and email over to Mo when he gets back into the office so he can return my call !!

So let's wait and see if he does.

Cheers –T-
